Dear Parent/Carer

Re: Year 11 Revision - How to Effectively Revise

Our attention is focused on how we can help your child maximise their full potential in their GCSE examinations next summer, and seeing as so much is relying on your child doing well in their examinations, I have planned for a series of sessions designed to inform your child and you on effective ways of revising.

There are many ways of revising for different examinations dependant on the type of answers that are required, so it is extremely important that students and parents attend so that they can begin to plan their revision carefully, and as soon as possible, so they do not get overwhelmed.

Students who attend will receive a pack to help their revision get started, including a revision workbook on effective ways to revise for different subjects. It is important that students have the support of their parents/carers, so we would like you to also attend so that you are aware of the strategies that can take away some of the pressures placed on students in what is to be such an important but stressful year.

The evening will take place on **Thursday 19 October 2023 from 5.00 pm to 7.00 pm**. There will be refreshments available from 4.45 pm in the assembly hall.

We are keenly aware that this year is a very important time for your child, and we hope that we have your support and attendance for what is a very important time for them.

Please complete the reply slip below and return to the main office or to Mr Farmer so that we can plan the finer details of the event and ensure there are enough refreshments and resources for everyone. Alternatively, you can email me on Adam.Farmer@chasehigh.org. Please label the subject of the email with Year 11 Revision Evening.

Yours faithfully

Adam Farmer
