

LORIC Department Focus

Computing and Games Development

| THIS TERM | LEADERSHIP | ORGANISATION | RESILIENCE | INITIATIVE | COMMUNICATION |
|-------------|--|---|---|--|--|
| Key Stage 3 | When working with a partner or in a group, pupils are utilising their leadership skills to support progress in completing programming activities. | Pupils save and organise their work effectively and use appropriate naming conventions at all times. | All pupils demonstrate resilience as they debug and test the code that they are writing. | Pupils use the '3 before me' technique to problem solve their coding more independently. | Pupils effectively utilise their communication skills to work with a peer on the programming activities as 'thought partners'. |
| Key Stage 4 | GD: Pupils use effective leadership skills to participate successfully in the Game Jam event. | GD/CS: Pupils save and organise their work effectively and use appropriate naming conventions at all times. | CS: All pupils demonstrate resilience as they debug and test the code that they are writing. GD: When pupils encounter a problem, they use support materials effectively to move on. | CS: Pupils refer to text books and online resources, and past work to problem solve their work. GD: Pupils self-assess their progress by using the UAS independently. | GD: Pupils communicate effectively in order to meet the requirements client brief CS: Pupils are confident in the use of technical language and key terms when attempting past paper questions. |
| Key Stage 5 | GD: Pupils use effective leadership skills to participate successfully in the Game Jam event. IT: Pupils utilise leadership skills well in order to convey meaning and understanding in their unit presentations. | GD/IT: Pupils save and organise their work effectively and use appropriate naming conventions at all times. | GD/IT: Students use the online resources to support their progress and ensure deadlines are met. | GD/IT: Students use the unit guidance documents to ensure they are meeting the requirements to achieve their target grade. | GD/IT: Students communicate with their class teachers in and out of lessons effectively using all methods of communication (including Teams and email). |
